Hope...

Maybe, did he
pick up?

Dis-
cuss...

So he might
have gotten
caught along
with her...

I asked
to call
him, but
he regrouped,
but he still
hasn't
returned.

The guard
he will
supposed to
be watching
a-suspicious.

Let's
start
looking
too

I want
asked
and told
him to
search the
area

That's
under-
stood

Is it
true that
Minami's
gone
missing?!

What
is
this
guy?

BLAH

Are there any special physical qualities you'd need to become a guard?

Or maybe a special ability?

BLAH

There'd be possible for someone older than a guard to possess or acquire the necessary strength

BLAH

huh?

I might find an easy way to go back and forth between the M.

You guards are pretty much like the lack of dealing off the spirit world, so if I research you,

Professor, please slow down!!

I guess it really must be some special ability...

She doesn't particularly look any different than us.

huh?

That's... I'm sorry...

It was just a chance to answer before a long answer question...

Well, I got reprieve because you've been dragging your feet. Why did it take you so long just to bring one guard here?

I'm
sorry...

...I'm really
sorry about
all this

Page

This is
really
starting
to get
exciting!

**HURRY UP
AND LET
ME GO...!**

Oh, I
too don't
have to be
so scared
the aren't
going to
hurt—

**OUR PLAN WON'T
WORK UNLESS I
CAN GET BACK
THERE BEFORE
IT'S TOO LATE.**

**IT MIGHT
ALREADY
BE TOO
LATE.**

Um...

I was
supposed to
be up at age
10 for this
and I'm not
anything
near it. So
if I can't
get back
in...

A bunch
of us were
supposed
to be up
for this
and I'm not
anything
near it. So
if I can't
get back
in...

Oh, I
too don't
have to be
so scared
the aren't
going to
hurt—

**That's
actually
all part
of a
stroke!**

Wait,
some of
the games
were being
going
wrong,
right?

Page...?

IF I BRING HER BACK TO SUKRO AND THE OTHERS, MAYBE WE CAN SETTLE THE DISPUTE.

Guys!!

Let's go!

MINAMI?

Didn't you
and that guard
chick get
captured or
something?

Dude, are
you okay?
Did you
manage to
escape?

Oh...
uh...
..huh?

You
see...

Not
quite...

THEY WERE
ON STRIKE!

Word about
the strike didn't
get around to all of
the guards, so some
of them didn't know
about the plan.

It seems that
they've lost quite
a few guards,
but none of them
did any good. As
a group of guards
decided to try
and get their
way by force.

You mean
all those
guards who
disappeared
were just on
strike?

As we
were
around
primarily
each night
for nothing.

Apparently.

While it's a
relief that nothing
serious happened,
it's still troubling that
they've abandoned
their posts... We
should try to find
a way to end
the strike.

They didn't
all hear
about the
strike...

That
bearded...

...Let's go talk
is over with
their boss.

... Is
that
him?

...Probably.
Because he?

Man, there
are guards
every-
where

Is this
one of those
prisoners?

TURNING
AROUND

Please listen
to your workers'
requests

...but hell
like you be able
doing huh?

There's
a score
to go here
too, since all
expended
because
you're those
ignoring your
customers?

...huh?

What are
these are
you talking
about?

Hold it,
please.

We came
to ask you to
end the strike
before it started
having an effect
on the human
world—

ask?

Course not,
we've got an
emergency on
our hands. I
can't have time
for this.

...aren't
all these
guards here to
protect...?

What's
all this
nonsense
about a
strike?

What's over there?

WHAT'S HIS PROBLEM?

It's got nothing to do with you, or school.

Curse you, I

I had my suspicions but didn't expect this incident to actually be related to what we...

Things aren't looking good.

Run? You?

SOMEONE IS TRYING TO START ANOTHER DIMENSIONAL MERGE

We received information about the circle of the merge materials of destiny with it directly

But this will only be a temporary fix.

Twenty-five years ago.

Our boss wanted to get rid of him in secret...

...Right?

The dimensions
were jumped
artificially
by someone.

When we
reported that
the case was
unknown, we
were lying.

It was
true that
there were only
four victims,
all of whom
were female.

But the
guards had
the truth
about a fifth
person...

Remember how
Ira-chan said
there might be
another victim?
Well, it is water's
a victim, but
the culprit
killed it?

It could
have been
isolated along
with the
victims.

"There may
have been
an indirect
victim we
didn't know
about."

...who would
have been from
the spirit world.

The culprit
probably—

Well,
hold on!
What
about...

And now
they've found
that another
dimensional
outlet is
starting.

Then they
think all he
look for the
enchryo,
it means for
the guards
were going
wrong.

When the
isolated
space was
released, the
culprit got
away and
is now
hiding.

Thanks For
Falling For that
half-baked story
I made up.

haha

Your whole
goody-two-shoes
act makes
me sick.

God,

Screw-
one.
Puh!

YOU ALL
MAKE ME
SICK!!

DON'T
YOU DARE
GET IN
MY WAY!

SNAP

THUD

a-hai

Hurry and
get a-I
mixed up.
